FOR IMMEDIATE RELEASE:

CLEANING TECHNOLOGIES GROUP RELEASE NEW HELPFUL GUIDE FOR PLANNING FOR PARTS CLEANING EQUIPMENT

Cincinnati, OH — Cleaning Technologies Group is excited to announce the release of their new guide titled: **Planning for New Cleaning Equipment**. The authors at Cleaning Technologies Group worked with the world-renowned cleaning tech experts of Blackstone-NEY Ultrasonics & Ransohoff Parts Washers to help our industry become more accessible. We are releasing this guide for beginners to the world of parts washing and ultrasonic cleaning **100% for free**.

When it comes to parts cleaning equipment, there are a wide range of options and considerations. It will assist engineers and purchasing managers in the process of selecting the best parts cleaning equipment and preparing for the integration of that equipment into their process and facility. Our document is designed for the betterment of our community.

To download this document for free please visit our download page here: <https://goo.gl/CXsWRD>

In a few quick steps engineers and purchasing managers be on the way to a better cleaning technology experience at any facility.

This document will be available online indefinitely and will be improving as we hear feedback from our customers and readers.

Cleaning Technologies Group believe that by offering great resources for free we'll be able to improve our industries accessibility while reducing headaches for our followers.

Cleaning Technologies Group, LLC is a world leader in providing innovative cleaning and waste minimization technologies to precision and industrial manufacturing markets. CTG is comprised of Ransohoff located in Cincinnati, Ohio, Blackstone~NEY Ultrasonics located in Jamestown, New York, and CTG Asia located in Suzhou, China. The Group is the premier provider of high technology, environmentally friendly parts-cleaning and waste-minimization equipment and services to the global marketplace. CTG LLC is a wholly owned subsidiary of NM Group Global, LLC.

NM Group Global LLC is a holding company for a growing group of manufacturing firms with a global reach for sourcing and marketing. Founded in 2002 with the purchase of National Machinery LLC, the original holding company, and world leader in the development and manufacture of cold forming machines, process technology, and aftermarket services. National Machinery, founded in 1874, is headquartered in Tiffin, Ohio with service centers and sales offices throughout the world.
